- Canadian tax preparation: Form T1 and T2 using software
- Excellent communication
- Quick learning ability
- Team management

EXPERIENCE

Senior Accountant (Team Leader) / Accounting Firm - Ahmedabad, India

10/2022 - Current

As a Senior Accountant and Team Leader with extensive experience in U.S. and Canadian accounting practices, I have developed a comprehensive skill set in financial management, client relations, and team leadership. I have successfully managed accounting operations while ensuring timely and accurate financial reporting, compliance with regulatory requirements, and fostering strong client partnerships. My expertise includes:

- **Client Communication & Relationship Management:** Lead client meetings, provide regular financial updates, and address any concerns or inquiries to ensure exceptional client satisfaction and alignment with financial goals.
- **Financial Reporting & Bookkeeping:** Oversee daily bookkeeping functions, including general ledger maintenance, trial balance preparation, and month-end closing processes to ensure accurate financial reporting.
- **Bank Reconciliation & Cash Flow Management:** Conduct thorough bank reconciliations and cash flow analysis to monitor and report on financial performance and maintain liquidity.
- **Accounts Receivable & Payable Management:** Supervise the full cycle of accounts payable and receivable, ensuring timely and accurate invoicing, payment processing, and collections, while maintaining strong vendor and customer relationships.
- **Payroll Management:** Administer payroll for employees, ensuring compliance with payroll regulations and accuracy in processing.
- **Team Leadership & Development:** Lead and mentor a team of accounting professionals, providing guidance and training to ensure a high level of performance and accuracy within the department.
- **Payment Processing & Financial Transactions:** Manage and process client payments, ensuring they are handled promptly and accurately, and maintain up-to-date records for auditing and reporting purposes.

With a strong background in both U.S. and Canadian accounting practices, I bring a detail-oriented, results-driven approach to managing financial operations while supporting business growth and client success.
